AZALEA MOLLIS

Seedlings

Seedlings, fine varieties in mixture : red, rose carmin, salmon, orange, nankin, yellow, etc.

Without doubt these " seedling varieties " of *Azalea mollis* are the most valuable " commercial plants " for *Winter* flowering that have ever been introduced, either as cutflowers or for *Conservatory* decoration; my strain is of the best, consisting of the above colours, and being seedling plants are of wonderfully vigorous growth.

Tens of thousands leave my nursery every year. All plants are well shaped and fitted for pot growing.
